

audition monologues

As you perform these lines, remember to have a strong character! This small section can show me how creative you are with your voice and body to show a distinct character. Don't hold back!

Wicked Witch Monologue for the girls:

These lines come after the Wicked Witch is unable to take the ruby slippers from Dorothy. She is sent away by Glinda and says the following to Dorothy:

“Very well, I'll bide my time but just try to stay out of my way!
Just Try! I'll get you, my pretty, and your little dog too!
(Laughs)”

Cowardly Lion Monologue for the boys:

These lines are said after the lion is scolded by Dorothy for trying to intimidate her dog TOTO. She bops the Lion in on the nose in defense:

(holding his nose) Whadcha do that for? You didn't have to go and hit me, did you? Is my nose bleeding? You see - I am nothing but a great big coward. I haven't any courage at all. I even scare myself!”
